PRODUCT INFORMATION

Zerust® ICT™ 510-M22019 is a special packaging film containing our proven Zerust® ICT™ corrosion inhibiting technology, that meets and/or exceeds the qualification test requirements of Military Specification MIL-PRF-22019D, "Barrier Materials, Transparent, Flexible, Sealable, Volatile Corrosion Inhibitor Treated". This product is also listed on the Qualified Products List: QPL-22019 (May 2006). Zerust® ICT™ 510-M22019 is a ruggedized packaging film with a much higher puncture resistance, tear strength and seam strength than normal commercial packaging materials - perfect for protecting parts and equipment that require a more physically robust package.

Zerust® ICT™ 510-M22019 is available only in a single specified form that is specific in size and other requirements (see reverse side for details).
