

Zerust® ICT™ 520-CSL Film

TECHNOLOGY THAT PROTECTS METAL FROM CORROSION

FEATURES

- Proven corrosion protection
- Easy-to-use
- Adheres to itself
- Non-toxic

BENEFITS

- Reduce corrosion incidences
- Save time, money & resources
- Protect multiple metal types
- Comes with Zerust® global on-site support

Significantly reduce your labor and equipment costs by switching to Zerust® ICT™ 520-CSL Film. Zerust® ICT™ 520-CSL Film forms a strong seal in seconds without heat-sealing, tape or staples.

PRODUCT INFORMATION

Zerust® ICT™520-CSL Film is a cold adhesive film made with patented Zerust® Integrated Corrosion Technologies™ (ICT™) to provide superior corrosion protection in an easy-to-use film.

Zerust® ICT™520-CSL Film saves valuable time, equipment and labor in packaging operations by eliminating the need to use a heat-sealer, to apply tape or to staple the film to seal the package. Zerust® ICT™520-CSL Film bonds to itself, creating a self-adhesive closure that takes seconds to complete. In addition, Zerust® ICT™520-CSL Film bonds to itself and only itself; it will not adhere to or leave a residue on the product that is being protected.

Use Zerust® ICT™520-CSL Film to protect service and remanufactured parts, such as gears, differential units and axle ends packed for service or inter-plant transportation. Zerust® ICT™520-CSL Film protects multiple metal types, through both contact and vapor corrosion inhibitors, for up to 2 years.

APPLICATION EXAMPLES

ZERUST® ICT™520-CSL FILM PROTECTING A LARGE GEAR FOR SERVICE SHIPMENT. THIS UNIT IS TYPICALLY WRAPPED WITH VCI PAPER AND SEALED WITH TAPE.

ZERUST® ICT™520-CSL FILM PROTECTING A LARGE GEAR FOR SERVICE SHIPMENT. THIS UNIT IS TYPICALLY WRAPPED WITH VCI PAPER AND SEALED WITH TAPE.

APPLICATION TYPE

CORROSION PROTECTION FOR:

ORDERING INFORMATION

AVAILABILITY

6" - 36" Sheeting
Perforated or non-perforated

THICKNESS

2 - 8 mil

COLOR

Clear is the standard color of ICT™520-CSL Film. Custom colors available upon request.

PROTECTION TYPE

Multimetal corrosion protection capability.

PROTECTION LIFE

Will protect metals for up to 2 years if properly packed and stored.

SHELF LIFE

Shelf life of 2 years if stored at 85° F or less, out of direct sunlight and in original packaging.

IMPORTANT INFORMATION

Contamination can negatively affect the film's ability to form a strong seal.

Do not re-use ICT™520-CSL Film; once the seal is pulled apart, it will not reform a complete seal.

ICT™500 SERIES OVERVIEW: PACKAGING FILM PRODUCTS

We offer a full range of products for all types of situations.

Choose by corrosion protection abilities.

Choose by physical protection abilities.

Find the product that best fits your needs.

We make a variety of products that are right for your specific situation. For more information about the various products listed above, please visit our web site at www.zerust.com or contact us at +1 (763) 225-6600.

OTHER PRODUCTS AVAILABLE

ICT™ 700 Series: Liquid Additives and Coatings

Temporary corrosion protection for parts in-between production processes, during storage or for added protection to the ICT™ 500 series products during ocean shipments.

ICT™ 800 Series: Diffusers

Self-contained, portable products that diffuse Zerust® ICT™ chemicals to protect metals within enclosures, such as tool boxes, electrical boxes, etc.

This product is recyclable.
Please consult federal, state
and local regulations.
