

Zerust® ICT® Tube Strips

TECHNOLOGY THAT PROTECTS METAL FROM CORROSION

FEATURES

- Proven corrosion protection
- Easy-to-use
- Non-toxic & odorless
- Fits narrow diameters
- Protects spaces 2" in diameter
- Leaves no residue or powder

BENEFITS

- Reduce corrosion incidences
- Improve equipment reliability
- Reduce need for inspection & rework
- Save money & resources
- Comes with Zerust® global on-site support

Zerust® ICT® Tube Strips can help reduce repair and maintenance costs by preventing corrosion within tubes, pipes and gun barrels.

PRODUCT INFORMATION

A Zerust® ICT® Tube Strip is a narrow tube that is made with proprietary Zerust® ICT® formulations to protect ferrous metal tubes and pipes up to 2 inches in diameter from corrosion. Zerust® ICT® Tube Strips can be cut to any length to meet specific corrosion protection needs.

Zerust® ICT® Tube Strips are ready-to-use and installation is easy—simply insert the length of the Zerust® ICT® Tube Strip inside a ferrous tube or pipe, and cap the ends of pipe. Zerust® ICT® Tube Strips saturate the air inside of the pipe, protecting all interior surfaces from corrosion. Protected pipes are always ready to use. Simply uncap the pipes or tubes and remove the Zerust® ICT® Tube Strip. Zerust® ICT® Tube Strips are also perfect for protecting gun or rifle barrels.

APPLICATION EXAMPLES

ZERUST® ICT® TUBE STRIPS ADAPT TO YOUR CORROSION PROTECTION NEED—SIMPLY CUT TO FIT YOUR APPLICATION!

A SOLDIER INSERTS A ZERUST® ICT® TUBE STRIP INTO A RIFLE FOR CORROSION PROTECTION.

CORROSION PROTECTION FOR:

APPLICATION TYPE

ORDERING INFORMATION

■ AVAILABILITY/PART NUMBER

Sold in rolls, 1000' / roll
Part Number: 475-F-00001

■ DIAMETER OF PRODUCT

1/4"
Custom diameter available upon request at minimum order quantities.

■ COLOR

Yellow is the standard color of Zerust® ICT® Tube Strips. Other colors available upon request.

■ PROTECTION TYPE

Available in ferrous corrosion protection capability.

■ PROTECTION VOLUME

1 foot of Zerust® ICT® Tube Strips will protect a volume of 3.1 ft³.

■ PROTECTION LIFE

Will protect metals for up to 5 years with proper usage. Limit air exchange within the enclosure to maximize the protection life.

■ SHELF LIFE

Shelf life of 2 years if stored out of direct sunlight, at 85° F or less and in original packaging.

ICT®800 SERIES OVERVIEW: DIFFUSERS

We offer a full range of corrosion inhibiting diffusers.

For more information about the various products listed above, please contact us at +1 (763) 225-6600 or visit our web site at www.zerust.com.

OTHER PRODUCTS AVAILABLE

ICT® 500 Series: Packaging Films

Our most widely used series of products. A variety of films offer short or long-term corrosion protection for parts and equipment during storage or shipment.

ICT® 700 Series: Liquid Additives and Coatings

Temporary corrosion protection for parts in-between production processes, during storage or for added protection to the ICT® 500 series products during ocean shipments.
