Zerust® VCI Bags diffuse Vapor Corrosion Inhibitors to protect metal components, machined parts, engines, molds and more from rust and corrosion. Use Zerust® VCI Bags to line boxes and dunnage systems and combine packaging and corrosion protection in one step. Zerust® VCI Bags range in size from two inches up to 150 inches and can be made with additives such as acid-gas blockers and anti-static. For additional protection, VCI film packaging can be used with Zerust® corrosion inhibitor liquid RPs and VCI diffuser products.

Zerust® is the inventor of poly VCI technology and Zerust® VCI film has proven its performance and safety* with thousands of customers worldwide for over 40 years. It is used to protect valuable metal items for manufacturers in industries such as automotive, agricultural, aerospace and mining. Zerust®/Excor® offers on-site support and service in more than 70 countries via a network of 29 joint venture partnerships.

**Benefits**

- Effective corrosion protection and packaging combined in one step
- Metals are ready for use and assembly directly out of the packaging
- Available in many different formulations and sizes
- Provides safe* and effective Zerust® VCI protection.
- Recyclable

**Application Type**

- Storage
- Shipping
- Work in progress

**Application Example**

A large gusseted Zerust® VCI Bag bag lines a shipping container to protect metal parts from corrosion in shipping and storage.

*Safe for people. This product does not pose a health hazard to users due to its classification as an article according to EU REACH, UN GHS, US OSHA HazCom and CA WHMIS regulations.
Zerust®/Excor® ICT®510-C VCI Bags are a polyethylene product impregnated with volatile corrosion inhibitors.

Typical colors are clear, yellow or green. Additional colors and custom printing available upon request.

Available in ferrous, multimeatal, anti-tarnish and non-ferrous protection formulations.

Protects clean metals for years when used correctly and utilized within three years from receipt. Not intended for outdoor use.

Store in original packaging away from direct sunlight in conditions below 85°F (30°C) and 50% RH for up to 3 years from the date of shipment.

Zerust®/Excor® ICT®510-C VCI Bags are available in many stock and custom additives such as UV and Anti Static. Contact a Zerust® account manager for pricing and availability.

Size Range (width):
- 2” - 125” (flat)
- 2” - 150” (gusset)

Recyclable
Dispose of in accordance with local, national and international regulations. Check on options for recycling and incineration.

Safety
- Safe for people. This product does not pose a health hazard to users due to its classification as an article according to EU REACH, UN GHS, US OSHA HazCom and CA WHMIS regulations.
- Zerust® VCI chemistry is safe for sensitive electronics. No galvanic effects, residues or changes in the properties of metals. The protective molecules dissipate upon opening of package.
