

▶ Zerust[®] ICT[®] 430-35PCR Paper

Zerust[®]/Excor[®] ICT[®] 430-35PCR Poly Coated Reinforced VCI Kraft Paper provides effective corrosion protection in the convenience and affordability of a paper wrapping product with superior strength that avoids ripping and tearing. Use Zerust Poly Coated Reinforced VCI Paper to wrap and protect steel coil rolls in shipment or storage.

Zerust ICT Poly Coated Reinforced VCI Paper is a high-quality 35# kraft paper that is saturated on one side with proven Zerust corrosion inhibitors and laminated with a 3/4 mil polyethylene layer and fiberglass scrim on the back side to provide superior strength. Place the plain kraft paper side facing the metal surface to allow the powerful vapor corrosion inhibitors (VCI) to protect the ferrous, non-ferrous, or multimetal parts.

Zerust VCI Paper is acid-free, pH neutral, and non-abrasive. It uses Zerust Vapor Corrosion Inhibitor (VCI) technology that is safe* and does not leave a residue.

Application Example

Zerust ICT Poly Coated Reinforced VCI Paper is used to wrap steel coil rolls and provide protection from corrosion during shipment and storage.

▶ Benefits

Effective corrosion protection and packaging combined in one step

Metals are ready for use and assembly directly out of the packaging

Fiberglass reinforced with plain poly on back side for superior strength

Provides safe* and effective Zerust VCI protection

Application Type

Storage
Shipping
Work in progress
Compatible with Zerust RPs

*Safe for people. This product does not pose a health hazard to users due to its classification as an article according to EU REACH, UN GHS, US OSHA HazCom and CA WHMIS regulations.

Specifications

Product Information	Zerust® ICT®430 Poly Coated Reinforced VCI 35# Paper is saturated with VCI and laminated with a 3/4 mil polyethylene layer and fiberglass scrim on one side for 50# total weight.
Appearance	Non-printed natural kraft brown with polyethylene and fiberglass scrim on one side. White available upon request. Minimums apply.
Protection Duration	Up to 1 year
Storage	Store in a cool, dry place and away from sunlight for up to 1 year from date of shipment.
Protected Metal Types	Multimetal corrosion protection
Complementary Products	Zerust corrosion inhibitor liquids and VCI diffusers

Availability

Zerust®/Excior® ICT®430 Poly Coated Reinforced VCI Paper is stocked in 35# paper with 3/4 mil poly/scrim laminated for a total 50# weight. Available in custom widths (36", 60", and 72") and color white, minimum order quantity may apply. Please contact a Zerust customer service representative for information.

Stock Items:

Part Number	Description
300-M-00312	48" x 200 yrd roll
300-M-00319	24" x 200 yrd rolls ^(2/box)

Recyclable

Dispose of in accordance with local, national and international regulations. Check on options for recycling and incineration.
